The topics we will be covering include:

Identifying the support systems and people who are here to support you and your child

Explain the Avondale College processes which will assist your child in being part of a safe and effective community

An opportunity to meet other parents and become part of the Avondale Family.

Listen to students and parents talk of their experiences and give advice.

Important events for you to attend in 2011.

How can you help your child to achieve to their potential?

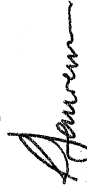

Identify how you think Avondale College can assist you and your child.

We hope to answer any questions you have for us.

This is a great opportunity to start building a positive relationship with you and Avondale College for the next four or five years.
